## Two Confirmed Cases of COVID-19 At St. Martin Catholic Elementary School

Niagara Catholic has been advised that two more individuals at St. Martin Catholic Elementary School have tested positive for COVID-19.

Niagara Region Public Health has determined that neither of these cases is connected to the outbreak declared at the school on Thursday.

The individuals are currently in self-isolation. One of these cases has been determined to have no risk of exposure to students and staff. Students and staff at St. Martin Catholic Elementary School were exposed to COVID-19 while the second individual was infectious.

The principal of St. Martin Catholic Elementary School is contacting the school community to advise them of the two new cases.

Niagara Region Public Health is in the process of contacting all students and staff who had direct contact with the second individual.

Niagara Catholic advises all contacts to follow the recommendations of Niagara Region Public Health. Staff from St. Martin Catholic Elementary School continue to work with Niagara Region Public Health, and will comply with all requirements.
