MEDIA RELEASE

April 22 2021

Four Additional COVID-19 Cases Confirmed with Links to Pre-Spring Break

Niagara Catholic has been advised of three additional individuals testing positive for COVID-19. These individuals would have been in school during their infectious periods prior to the spring break. Based on the exposure dates, we expect that all currently active cases on our website, including the four reported below, will be cleared at the end of the day on April 22.

- Notre Dame Catholic Elementary School – two cases
- St. Augustine Catholic Elementary School – one case
- Lakeshore Catholic High School – one case

All affected students and staff required to self-isolate are now in self-isolation, based upon guidance from Niagara Region Public Health.

Niagara Catholic expects that as we move into next week, the two-week period for school exposures will end, meaning that we do not anticipate any further cases dating back to earlier in the month. Beginning next week, we will only report cases of individuals who are in our schools. Students and staff who are learning and teaching virtually will not be reported, in accordance with the Ministry of Education.

Niagara Catholic advises all students and staff to continue to follow the direction of Public Health to reduce the spread of COVID-19 in our schools.
