## GRANTS FOR STUDENT NEEDS HIGHLIGHTS

Over the past two school years, the COVID-19 pandemic has had a significant impact on the delivery of education in Ontario. School boards, educators, students and their families have demonstrated resiliency and flexibility in responding to changes in their learning environments and we have come a long way in embracing new ways of teaching, learning and connecting. These efforts have helped schools remain healthy and safe places to learn and work and have supported the continuity of learning for students during this difficult time.

In the year ahead, we remain committed to the health, well-being and safety of students, educators, school staff and the broader community. We recognize that disruptions as a result of the pandemic have impacted student learning, well-being and engagement, with a disproportionate impact on under-served groups. We also acknowledge that the uncertainty of the public health landscape for the upcoming school year will present ongoing challenges for the education sector.

To respond to these challenges for the 2021-22 school year, the Ontario government will place renewed focus and supports on learning recovery and renewal, equity and student mental health and well-being, while continuing to implement strategies that protect the health and safety of students and staff and support flexibility in school board operations.

GSN funding for 2021-22 is projected to be $\$ 25.6$ billion, an increase of 2.2 per cent, while the average provincial per-pupil funding is projected to be $\$ 12,686$ in 2021-22, which is an increase of $\$ 152$ or 1.2 per cent from 2020-211

This year's GSN includes updates to COVID-19 supports, changes to how online learning classes are funded, transfers from PPF, enhanced accountability measures, and ongoing investments to reflect the third year of the labour agreements. This year's GSN also includes technical and other routine updates.

## RESPONSE TO THE COVID-19 PANDEMIC

Since the start of the pandemic, the Ontario government has made over $\$ 1.6$ billion in resources available to support the safe reopening and operation of schools across Ontario, including \$763 million in funding through the federal Safe Return to Class Fund.

## TARGETED NEW INVESTMENTS

## Supports for Students Fund

New in 2021-22, the Supports for Students Fund (SSF) provides flexible funding for school boards to support the learning needs of students, which may include special education, mental health and well-being, language instruction and Indigenous education.

## Additional Support for Sick Leave

The ministry will increase the supply teacher benchmarks by the equivalent of one additional day to recognize school boards' experience with sick leave usage.

## School Operations Allocation

The ministry will provide a two per cent cost benchmark update to the non-staff portion of the School Operations Allocation benchmark to assist school boards in managing the increases in commodity prices (i.e. electricity, natural gas, facility insurance, and other costs).

## GRANTS FOR STUDENT NEEDS HIGHLIGHTS

## Mental Health \& Wellbeing \$9.5 million

To support the critical linkage between mental health and well-being and student success. Also provides students with physical health and safety supports.

## Math \$44.32 million

To support Ontario's students in meeting provincial math standards.

## Indigenous Education \$6.61 million

To support the academic success and well-being of Indigenous students, as well as build the knowledge of all students and educators on Indigenous histories, cultures, perspectives, and contributions.

## Special Education \$1.86 million.

To improve support for children and youth with special education needs and their families and educators.

## Student Pathways \$14.64 million

To support students as they transition to postsecondary destinations, including apprenticeship, college, university, and the workplace.

## Supporting Student Potential \$19.01 million

To support vulnerable students, including youth at risk, to stay in school, graduate and succeed. This also includes equity initiatives, and anti-racism and de-streaming supports.

## System Support and Efficiencies \$19.01 million

To provide support to help ensure that the education system is running efficiently and effectively, including labour-related commitments, broadband, administrative efficiencies, and teacher professional learning.

## DAY SCHOOL ENROLMENT

Enrolment is the main driver for Board funding. For this reason, the Board employs a conservative approach to determining enrolment and annually continues to refine projection methodologies.

Niagara Catholic District School Board continues to experience a slight decline in day school enrolment.

## CAPACITY AND UTILIZATION

Increasing the utilization of existing school buildings is an effective method of reducing the demand for new student places. Innovative measures to increase school utilization are already in place in many school districts across the province. Niagara Catholic continues to explore alternative uses for empty space in our facilities. A school board can typically pay approximately $\$ 400$ per pupil place annually for cleaning, utilities and minor maintenance. Any increase in utilization would produce significant savings in capital cost.

## MINSTRY GRANTS FOR STUDENT NEEDS

Provincial grants to school boards are provided through Grants for Student Needs (GSN) and are generated primarily by student enrolment. Since funding reflects enrolment, the Board must adapt its programs and organizational structure to reflect enrolment changes. The provincial GSN model is comprised of the following components:

## Foundation Grant

- Provides base per-pupil funding for the delivery of core educational programs and services
- Provides funding for regular classroom teachers, textbooks and learning materials, computers, regular program educational assistants, professionals and paraprofessionals, library and guidance

## School Foundation Grant

- Provides a base level of funding for school office administration

## Special-Purpose Grants

- Include Special Education grants, grants for English as a Second Language, French and Native language grants, and the Learning Opportunities Grant
- Provides additional funding for programs and students with special needs

## Grants for School Operations

- Fund caretaking, utilities and general maintenance in Niagara Catholic facilities

## Ministry Specific Grants

- Fund Ministry targeted initiatives and are usually one-time only grants

## 2021-2022 EXPENDITURES

The year-over-year increase in expenditures can be attributed to changes in salary benchmark costs, reduced pupil-teacher ratios and central contractual obligations. Staffing is the largest component of the budget, accounting for $\$ 214.4 \mathrm{M}$ or $78 \%$ of the total expenditure budget.

The following represents expenditures summarized by specific type:

## SPECIAL EDUCATION FUNDING

Provincial funding for Special Education is restricted, and must be only be used to support students with special needs. Niagara Catholic has consistently spent more than its full grant for Special Education for many years. The Ministry announced changes to the Special Education High Needs Amount allocation starting in 2014-2015. In previous years, the High Needs Amount allocation was based on student claims information. In 2014-2015, funding moved to a statistical prediction model that uses the same allocation of funds to shift money among boards.

## ADMINISTRATION AND GOVERNANCE

The costs provided in the chart below represent the administration and governance of the Niagara Catholic District School Board. This includes costs associated with service areas such as Human Resources, Information Technology, Facilities Administration, Finance and Board and Corporate Services. The facility costs associated with the Catholic Education Centre are allocated to Board Administration.

Over the last several years, significant reductions have been made to assist in providing a balanced budget and compliance in Administration and Governance.

Revenues listed below include interest revenue, administration fees and Grants for Student Needs funding. These revenues and grants help to offset the administrative operating costs of the Board.

## TRANSPORTATION

In 2007, Niagara Catholic and the District School Board of Niagara formed the Niagara Student Transportation Services of Niagara (NSTS) consortium. This transportation consortium is celebrating its 10th year in operation, and was formed to efficiently plan, maintain, and coordinate the operations of school bus routes across the Niagara Region.

In many urban and rural school boards transportation services is an increasing challenge. Provincial funding for transportation continues to be based on expenditure levels from 1997, with annual inflationary adjustments.
