

# WELCOME TO SUMMER, 2024!

We hope that everyone takes time to enjoy the change of pace summer offers – sleeping in a little later, staying up a lot later, enjoying time with friends and family enjoying big and small adventures at home, and wherever you may go.

We remind families we do not post regularly on social media in the summer.

School offices are also closed until August 26. Phone messages left at schools over the summer will be returned when offices reopen.

If you have a question about registering your child for school at Niagara Catholic, please visit our registration page. General information about childcare is available through the Niagara Region's Onelist and a list of Niagara Catholic schools with childcare providers is available here. Please contact childcare providers directly with any questions you have about how to register your child for before or after-school care.

Niagara Student Transportation has provided information to parents about student transportation for the coming school year. Parents received that information in late June.
